## The ultimate raised garden bed

- › NZ made using quality corrugated AQUAPLATE® steel.
- › Internal food-grade polymer lining for long-life protection.
- › Rolled edges with black beading safely eliminate sharp edges.
- › Machine riveted joints provide durability and longevity.
- › Engineered and tested to support soil weight.
- › A range of Colorbond® colours to choose from.
- › Custom-made option to get the perfect size for your location.
- › Provides good drainage to promote healthy roots and worm movement.
- › 5-year structural warranty.
- › Delivered ready to use with no assembly required.

### Optional base

- › If you plan to locate your garden bed on a deck or concrete pad we advise fitting a base for soil containment and surface protection.
- › Contact us to discuss your requirements and confirm additional costs.
